

Metrowide OSHA Count of Reported LTI Human Resources

KPI Owner: Amy Miller/Sherri Toohey-Taylor

Process: Safety Management

Baseline, Goal, & Benchmark		Source Summary	Continuous Improvement Summary		
Baseline: Average CY13 26 reported Goal: Compared to CY14, reduce the total number of LTIs on average per month to <=15 reported occurrences. The reduction would equate to a 21% reduction of the frequency. Benchmark: Benchmark goal is a frequency of 1.8 for Local Government this equals a count ≈8 LTIs per month		Data Source: OSHA Log Goal Source: Metro OSHA 5 Yr Plan Benchmark Source: National BLS - Bureau of Labor Statistics	Plan-Do-Check-Act Step 5: Pilot short term and/or long term solutions Measurement Method: Monthly sum of the count of LTIs Why Measure: To reduce the most significant injuries that are both high dollar and produce the most permanent employee impairment Next Improvement Step: Focus on high LTI frequency departments and/or no departments with no reduction; work toward regulatory training through training matrix
